

COUNTRY PARK

Construction Crafts

Winter is the perfect time to do some construction. While we get ready to reopen the park over the closed period you can practice your construction skills too!

In this pack you will find instructions for the super fun digger pick up and the crafty at home bulldozer.

Digger Pick Up

Things you will need:

- Pom poms in different colours
- Stickers in correlating colours
- 4 different pots or tubs
- 1 large tray
- A digger or truck toy (tongs also work)

1. Use the coloured stickers on each container (this designates where to sort the coloured pom poms)
2. Put a handful of each coloured pom pom into the larger tray.
3. Placed the four coloured containers around the large shallow container
4. Now it's play time! Choose a colour of pom poms and grab them with the excavator or tongs and put them into the corresponding coloured container.

Why not tweet us stage by stage of your creation?

At home bulldozer

Things you will need:

- 1 bulldozer template (provided)
- 1 dirt and rubble template (provided)
- Scissors
- Pens/pencils
- Glue

1. Print and cut out the bulldozer template on the next page
2. Print and cut out the dirt and rubble template on the next page
3. On a separate piece of paper create your construction site with pens and pencils. Why not cut out some of the pictures in this activity pack and stick them to make it more realistic?
4. Create your bulldozer with the pieces you've already cut out and glue on top of your construction site.
5. Use glue to stick your dirt and rubble in the bulldozer scoop.
