Make your own

Twig Photo Frame

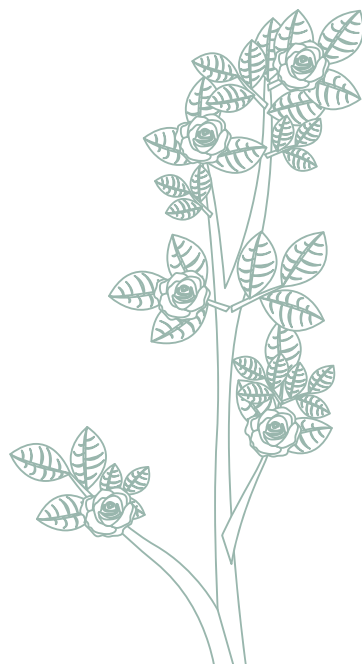

Now is the perfect time to make and show off your best memories

Follow this craft to make a photo frame make from things you can find in your back garden!

You will need:

-  Some dry twigs and sticks
-  Glue
-  Some card for the base

-  Optional:
An old photo frame to use as your base.

1. Collect some sticks and twigs (make sure they are dry so they stick to your base)
2. Glue them onto your base so that it is completely covered, making sure to keep the middle clear so you can put your photo or artwork in it.
3. You can ask an adult to varnish your frame to protect your work and keep it all in place

What photo will you choose to show?
